N6-3	02:21:33	33:28:42	17.29	15.47	-	22.150	21.539	40.0	-	22.52	15.85
N6-4	02:23:26	33:50:31	18.61	15.97	15.14	21.957	23.591	77.2	9.205	29.97*	24.95

* Galaxy's surface brightness did not reach 25.5 before disappearing amoung the noise.

* Coordinates are good to within 10".
